Introduction

This issue of Core Brief provides information on the Celebrating Success Staff Awards Event.

Celebrating Success Staff Awards Event

Last night we celebrated our staff and volunteers at a glittering awards ceremony in the Radisson Blu Hotel in Glasgow. The event brought together the Chairman's Award winners and Facing the Future Together (FTFT) overall award winners.

Over 350 staff gathered to recognise the best of best in NHSGGC. With a total of 25 awards being given out the evening got off to a flying start with the FTFT overall award winners with representatives from directorates and partnerships picking up their awards.

Next up were the Chairman's Awards, where we had eight deserving winners who had been nominated by either a member of staff, patients or the public.

For information on who won what and to view our picture gallery of the evening visit:
