

# Core brief

Wednesday 18 April 2018

## Introduction

This issue of Core Brief informs staff of a new documentary featuring staff at the Beatson and asks you to nominate colleagues or projects in this year's Chairman's Awards.

---

## The Cancer Hospital

We are proud to have facilitated this documentary showcasing our staff through the eyes of our patients as they undergo their cancer journey.

This clip advertises the first of a three-part series featuring the Beatson Cancer Centre. The first programme airs on Wednesday 25 April, at 9:00pm on BBC One Scotland. [Click here to view the trailer](#)

The Beatson in Glasgow is the second largest cancer centre in the UK treating a population of almost three million people. A centre of excellence in cancer care, the Beatson offers state-of-the-art treatment, and is heavily involved in the development and trials of new cancer drugs.

*If staff experience problems viewing the video you could forward to your own device(s) at home. The BBC are also broadcasting these trailers.*

## Nominate your NHS hero for a Chairman's Award

This year's Chairman's Awards are getting a special 'platinum' rebranding in honour of the NHS 70<sup>th</sup> anniversary.

Every day our dedicated staff go to extraordinary lengths to provide exceptional care for people who use our services and this is our way to reward that dedication.

So it's now time to start thinking about your nomination. Have you developed a programme which has transformed the way you work, or do you have an NHS hero in mind? If so, tell us!
