

Core brief

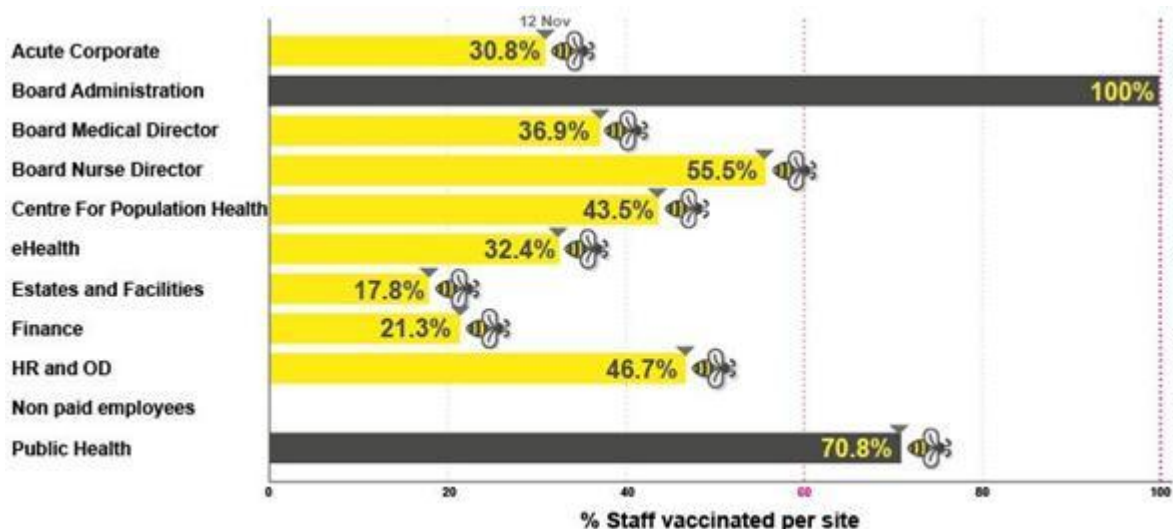

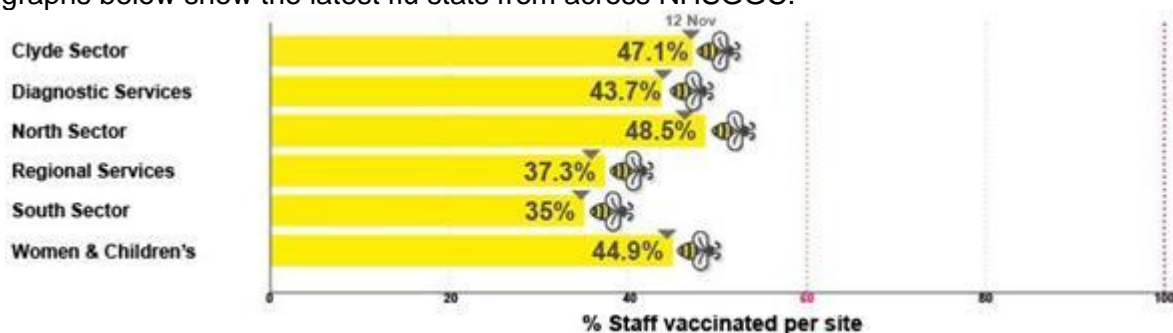

Introduction

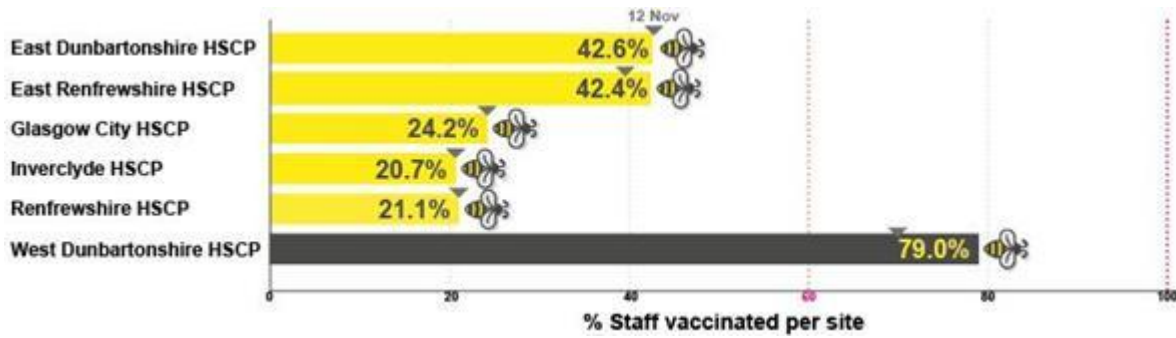

This issue brings you the latest flu stats and encourages staff to get their flu vaccination.

Staff flu vaccination

There's still time to get your flu vaccination ahead of this year's flu season. Peer vaccinators are waiting for you to get in touch or you can contact our occupational health team and arrange an appointment – tel 0141 201 0626.

Staff are continuing to protect themselves, their patients, family and friends from this year's flu and our graphs below show the latest flu stats from across NHSGGC.

For more information, visit: www.nhsggc.org.uk/staffflu

Did you know:

You can infect others simply by breathing? You don't have to cough or sneeze to spread the virus, it can spread from water vapour, every time you breathe
