NHSGGC – A Great Place to Work: iMatter 2020

The iMatter questionnaire is now live in eHealth, Public Health, Communications, Board Medical Directorate, Clyde Sector, Renfrewshire HSCP, Inverclyde HSCP, Oral Health and will remain open until 23 March 2020.

Please check your email inbox or text messages (if you have chosen to use the newly available SMS option) for your iMatter questionnaire link, or speak to your line manager if you require a paper copy, or have not yet received a link.

iMatter gives us all the opportunity to share our experience of working in NHSGGC and enables everyone to play a part in improving things in our teams and departments. We all want NHSGGC to be a great place to work and by participating in the questionnaire and discussing the results with colleagues we can air our views and make the changes we want to see. Please take this opportunity to have your say and let's work together to make us a great place to work.

For more information, and the full schedule for all Directorates and HSCPs, check out the iMatter page on [HRConnect](#), or speak with your line manager.

Fire Safety training reminder

On 1 April 2020 it has been one year since our new Fire Safety Policy and Fire Safety Training LearnPro module were launched.

The new training module has been a great success with feedback from staff saying:

"This module is a big improvement on the previous fire safety course, it is easy to follow and provides all the relevant information in a way that is easy to take in and remember".

Fire safety is everyone's business and all staff have a statutory requirement to complete the Fire Safety training module **ANNUALLY**, the module can be found on LearnPro, Course Code: **GGC001 Fire Safety Training**

The fire safety policy is available on the [fire safety StaffNet page](#) and all staff should familiarise themselves with its contents.

If you have any queries regarding this please contact firesafety@ggc.scot.nhs.uk
