

Core brief

Daily update
(10 June 2020, 4.15pm)

Topics in this Core Brief:

- Skin Care Service
- NHS.Net closure
- Family of cancer patient takes to the skies to thank his doctor

Skin Care Service

Our Dermatology Departments are delighted that we have been able to be of help to so many of our colleagues during this demanding time and we are very grateful to users of the Skin Care Service for their excellent feedback.

Since demand for the service has now significantly reduced, we will be stopping formal clinic provision over the coming weeks.

While we will still be able to provide specific advice or support on request, clinical staff should revert to previous arrangements and would ask that if you have ongoing or new issues relating to PPE that you now contact Occupational Health. Visit: www.nhsggc.org.uk/hrconnect

NHS.Net closure

A few weeks ago eHealth sent a message to all nhs.net email users detailing the closure of that platform and the migration of nhs.net user to Office 365. Understandably a number of follow up questions were received. FAQs have been published to address these queries and can be found on the [nhs.net migration page here](#). These will be updated regularly.

If you are an nhs.net user you will also receive direct communication to your inbox.

Family of cancer patient takes to the skies to thank his doctor

The family of a Bishopbriggs man suffering from cancer has [praised the NHS](#) for the speedy care he received during the COVID-19 pandemic.

James Donnelly was rushed to Glasgow Royal Infirmary with a large growth on his left thigh. Within days his specialists diagnosed Sarcoma, a form of bone cancer.

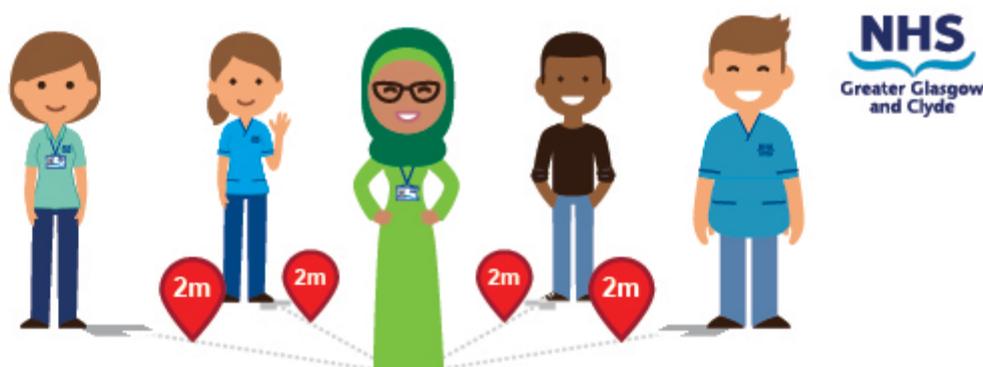

James had surgery to remove the tumour at the Golden Jubilee National Hospital, thanks to a collaboration between NHS Greater Glasgow and Clyde and NHS Golden Jubilee.
